ANNOUNCEMENT – **BULK BILLING AND FEE REDUCTION**

Due to the recent decisions by the Australian Government in regards to the COVID19 virus AND SOCIAL DISTANCING, I will be changing the delivery mode of counselling/therapy from face-to-face to online counselling and therapy.

We are going through unprecedented times with health fears and financial hardships. And my contribution to the community is to **REDUCE FEE** for service for every session up to 10 sessions with a GP Mental Health Care Plan.

My contribution to humanity is to continue providing affordable emotional, social and psychological support to children and young people, adults and families and together we will affront these adversities.

If you are experiencing anxiety, stressors and concerns with your relationships please contact Child & Family Therapy Counselling Service provided by Angela Ranallo www.angelaranallo.com
